

California Leads Whole Nation in Per Capita Cost of Government.

TAX FAR ABOVE OTHER STATES.

Average Cost in Country is Only \$6.05.

Ours More Than Three Times as Great.

Estimate for Current Year for \$22 Levy.

(EXCLUSIVE DISPATCH.)
SACRAMENTO, Jan. 21.—California leads all the States in the Union by a wide margin in the matter of proportionate cost of State government, according to the figures compiled by the United States Bureau of the Census. The average per capita tax rate for the forty-eight States is \$6.05. The average for California for the fiscal year ending June 30, 1930, was \$19.46, more than three times the average for the country as a whole.

The per capita cost of the California government for the fiscal year ending June 30, 1931, is estimated at \$22, and the per capita rate for 1932, if the administration bill increasing the present tax rate carries, will be not less than \$25.

RAPIDLY MOUNTING.
These figures of the rapidly mounting cost of the State government were made public here for the first time today, and there has been a lively scramble by the Legislature to lobby the tax bill through the Legislature before the figures are given general publicity.

Head of the Forty-Four Commission, who are here lobbying for the new tax rate, claim that the chief cause for the increase is the State government in California is to be found in the acts passed by the people on initiative.

IOWA TAX RATE.
Several copies were received here today of the inaugural address of Gov. Kendall of Iowa, which was delivered to the State Legislature of that State last week.

ONLY STATE IN ILLINOIS.
Attention has also been called to the financial showing made by the State of Illinois under former Gov. Lowden. The per capita tax rate for Illinois is but \$7.75.

RATES BY STATES.
The following table gives the tax rate for the States, except California, for the year 1930. They are compiled by the Federal Department of Census, and were ending from the statistics in the office of the State Controller.

WOMAN IS CANDIDATE FOR HOUSE CHAPLAIN.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 21.—The Rev. Clara Morris, of New York, is to become the first woman chaplain of the House of Representatives, succeeding the Rev. Henry Coudert.

Her candidacy was put forward today by Representative Sanders of New York, in whose district she now is a church.

TAX MEASURE STRIKES STORM.

(Continued from First Page.)

As beyond the appropriations made by the Legislature. In line with this statement Senator Chamberlain offered a measure intended to prevent the State Board of Control from recommending expenditures that would result in deficiencies.

The Senate stood firm on its action in adopting Senator Inman's resolution, forbidding lobbying by State officers and employees affected by pending measures designed to cut down the number and size of commissions and boards, and rejected, 27 to 7, McDonald's motion to reconsider.

Later the Senate went into field of national policy and State history. It adopted, 33 to 6, a resolution by Senator Purkitt and Nelson, urging the purchase of supplies in the United States by the relief commission headed by Herbert Hoover.

A special meeting of the Senate was called for the purpose of memorializing Congress to substitute a gross sales tax for the excess profits tax. Senator Duncan warned that the Senate was about to "go on" after Senator Jones asserted that inclusion in the original resolution of a provision calling for repeal of the tax would mean that the poor man would have to pay for the war.

Senator Nelson's demand that Sharkey explain fully the bill pending before Congress, drew cries of "have heart" and final action was deferred.

HALL OF FAME.
After a long debate, the Senate voted, 33 to 6, to admit to the name of Thomas Starr King for that of Gen. M. G. Vallejo in Senator Jones' resolution, substituting California's choice of two men for the National Hall of Fame. Father Dunne and the name was left in the resolution.

The Senate approved a bill of \$131,000 for food commodities during the night session this week on the tax bill.

Grooms greeted the introduction of a Sunday closing bill by Senator Dennett.

Senator Eden offered a bill designed to place a 10 per cent tax on automobile tire sales. This he estimated, would bring in \$5,700,000.

Senator Anderson introduced a bill to place the employees of the State Railroad Commission under the Civil Service Act.

The taxation measure fight in the Assembly and efficient action by left the measure exactly where it was at the start; namely, ready for the Legislature to take action on the evening morning session.

Two amendments were proposed to the proposed tax rate for banks, the other divorcing the short rate from the long rate, and the classification and adding them to the electric road classification. Both amendments were defeated, after extended debate.

Weber made repeated efforts to amend the bill in order to make it more palatable to the Legislature. He proposed a series of amendments, including a reduction of the tax rate from 10 per cent to 5 per cent, and a reduction of the tax rate from 10 per cent to 5 per cent.

MANY MORE BILLS.
After the noon recess, the Assembly turned to other matters, chiefly the introduction of 300 or more bills.

The bills included a number of additional budget appropriations and some not contemplated by the budget board. Kline asked for \$200,000 for development of the University farm school at Riverside.

Baker asked for \$15,000 for the publication of a State blue book as a former year. Mr. Baker introduced blank bills for appropriations for two buildings at the University of California.

Hughes asked for blank appropriations for an olive experiment station and a dormitory at the Chico State School.

The San Francisco delegation offered a bill to take the harbor control away from the State and give it to the city.

REAL FIGHT FOR ECONOMY BEGINS.

(Continued from First Page.)

usually are ruthlessly lopped off in the Fischer plan.

A reorganized State government provided in the Fischer plan calls for thirteen departments as follows: Department of finance, labor, harbor, health, welfare, corrections, institutions, public works, natural resources, education, corporations, agriculture and State.

The head of the department of finance is to receive \$10,000 annually and heads of the various other departments \$5000 annually.

It is estimated that adoption of the Fischer plan will permit an initial saving in excess of \$4,000,000 annually. This estimated saving is more than ten times greater than the savings proposed by the administration's program, governmental experts claim, despite assertions from administration sources that the Governor's recommendation would save approximately \$1,500,000 annually.

During the constitutional revision, legislators who favor the Fischer plan will endeavor to enlist the aid of the taxpayers of California in presenting a solid front against administration attacks on the bill during the second half of the session.

Completed and the State by its own counsel as to the methods he employed to surmount the obstacles placed in his path by the administration, today presented an animated picture of a man who in passing through the vicissitudes of the administration arrives at the end of the strip and the inevitable "grand and glorious future."

THOUGHTS GUNS SPIED.
The taxpayers' program was presented after Fischer's warmest supporters in the Legislature became convinced that the administration had spied the tax experts' guns.

Assembly member, who introduced the bill, said he was following the following to say of the relative merits of the administration's program and the Fischer bill.

PLEDGED TO REAL SAVING.
"I came up here pledged to real efficiency and economy and in my judgment the bill introduced by the State administration is a failure, failing to provide for the necessary reorganization of the State government."

"There is every indication that the administration expects to make a little saving under their proposed program."

Believing that the people really desire to support the State by the Federal Court in Hawaii and the members of the Legislature were sincere in their campaign promises and the plan of the taxpayers' association.

RESULT OF STUDY.
"This bill is the result of years of study into the affairs of the State by experts and I believe the Legislature will find it to be the only one that will do for such."

Directly charging the administration with introducing a series of amendments, including a reduction of the tax rate from 10 per cent to 5 per cent, and a reduction of the tax rate from 10 per cent to 5 per cent.

"I am introducing the taxpayers' bill because I have made a general survey of the conditions of the State and I find that the bills are not as far-reaching as I believe the taxpayers of the State demand."

"And, for the further reason," he said, "that the program of the administration and the bill introduced by the taxpayers' association are not connected with each other, and the bill introduced by the taxpayers' association is not connected with each other."

Fischer, who does not believe in making extravagant claims for his measure, discussed it as a realistic plan to maintain and improve upon the efficiency of the State government.

The principle applied in the preparation of the measure is that of direct executive authority balanced by direct executive responsibility.

MACHINERY SIMPLE.
The machinery set up by the bill is simple. The power to perform the functions of the State is given to the State and the State is given to the State.

In the framing of the measure the particular duties and functions of each of the existing agencies of the State are allocated to the proper department.

For instance, all financial management is placed in the department of finance, all public construction activities are placed in the department of public works, and all health functions in the department of health, and so forth.

By this logical distribution of functions the existing duplications, overlapping and conflicts are eliminated.

WASHINGTON, Jan. 21.—Dipping their brushes into the possibility that the Republican majority in the Senate would refuse to confirm most of the 20,000 nominations made by President Wilson, some administration officials painted today a picture of a creaking government machine, functioning along for a time after March 4 with a lot of important cogs missing.

Members of the Shipping Board, two members of the Interstate Commerce Commission, three chief officials in the Patent Office, five assistant Secretaries of the Treasury.

TACTIC AGREEMENT.
The question of the nominations occupied much of the time of the Republican Senate today. The administration announced no decision was reached, but some of those attending the meeting said privately that there had been a tacit agreement between the Republican members of committees to take the nominations coming under their jurisdiction, study conditions in the executive departments, and then determine whether failure to accept the Democratic appointments would be a real test of the administration's office after March 4 would result in an embarrassment of these departments.

A regiment of officials now in Washington are holding office by virtue of the appointments made by the administration. Should the administration fail to reach a decision as to the nominations, the Republican members of committees to take the nominations coming under their jurisdiction, study conditions in the executive departments, and then determine whether failure to accept the Democratic appointments would be a real test of the administration's office after March 4 would result in an embarrassment of these departments.

JAPS MAY HOLD LAND.
JORDAN WILL NOT REJECT ARTICLES BY MEN WHO FOUGHT IN THE WAR.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Jan. 21.—Reversing the previously announced policy of his office, Secretary of State Jordan today announced that, until the question is finally settled by the courts, he no longer will reject articles of incorporation of land companies organized by foreign-born Japanese.

Previously, on December 28 last, Jordan had refused to accept for filing the incorporation papers of the Valley Industrial Corporation, a Fresno concern, holding that there was doubt of the right of Japanese to acquire land in California.

I am not at all sure there isn't just a little bit of magic about the "Fronto" I had heard so much about and bought after considerable delay, for my sink had exasperated me beyond measure. What greater annoyance can a housewife have than stopped up sinks and drains? The first time I used Fronto it seemed to perform a small miracle, instantly clearing out the troublesome pipes and bringing peace once more into a greatly perturbed family. You will never be without Fronto once you learn of its value in preventing such disasters as these I mention, therefore would it not be sensible to order a can at least no later than today?

Sweet pickled apples are delicious with meat, especially pork.

It is really true that Rowland looks forward to the salad course in the menu more than any other part of the menu now that I have begun to use Jev's mayonnaise dressing in the fruit, vegetable or plain, crisp salad head lettuce. My salad dressing varied so much when I made it—which accounted for the salads we once served losing their popularity. Now, in a jiffy, with Jev's mayonnaise, I add a little oil or whipped cream and the result glazes the most beautiful flowers and critical members of my family. Are you aware of this popular relish of "Jev's"? If not, order a bottle now from your grocer. There are three sizes to select from, though when you realize how necessary it is in the preparation of all salads you will want the largest bottle obtainable.

I want only the men to read about Funan on the last white sheet of the telephone book. We women should keep this store and its address in mind when we go shopping.

All my friends are being sent to The Great Western, Glass Co., 320 W. Fourth st., who are having an unusually interesting sale of the most beautiful and always useful pieces of glassware. Tumbler you never dreamed of securing so reasonably should be bought now while you have the opportunity. An early visit for these bargains I deem advisable.

You can't make a mistake if you purchase a Vacuette Suction Sweeper to "aid and abet you" in keeping your home beautifully clean and immaculate. It is not run by electricity, but by a fan, which whirls around at a great speed, forming a suction which the finest particles of dust or dirt cannot resist. Away it disappears into a bag and one view of the contents of this receptacle after a single room has been swept by a Vacuette Sweeper brings you to the conclusion that this newest household contraption becomes a part of your housekeeping regime. Our best department, hardware and furniture stores will demonstrate its ability any time for you.

For setting a formal table the water goblet is better than the low water glass.

Perfect cream doughnuts are now only 45 cents a dozen! Isn't that news worth mentioning with an exclamation of pleasure? We Angelenos find perfect cream doughnuts a rare confection more delicious than any we can possibly make. New residents, who are looking for a doughnut of highest quality, will do well to stop in the store at 297 West Fourth and buy a dozen or so of these appealing sweets to take home for the evening meal's desert or next morning's breakfast.

You remember the interest we all took in the Modern Electrical Home, which the public was permitted to visit for the purpose of inspection in November, last—Well to most of us it was a revelation in the wizardry of electricity. And what it meant in the maintenance of serviceless houses, bringing the five essentials of home comfort, which are electrical lighting, heating, cooling, cooking and refrigeration, actually into our own abodes.

Beginning on Thursday last and continuing until February 13, a more magnificent home, more exquisitely furnished and more completely equipped than the one aforementioned, located in exclusive Windsor Square, is thrown open to the public from 2 p.m. until 10 p.m. each day. Keep in mind the address, 1400 North Boulevard at Second Street, and don't let anything prevent you from making a visit at your earliest convenience.

Satellite in hot coals is splendid for removing grease from a gas range. See that it is thoroughly dried afterwards.

Remember my warning of last week, which I repeat for those who may forget—and anyone else who did not hear me say that you can't have a garden, be it vegetable or otherwise, without a catalogue from Argyle and Munsie's seed store, whose address is 620 South Spring and phone number Main 4545. Get one today before the supply runs out, read it carefully, make your selection of seeds, then begin to plant as soon as possible, if you want the best results.

WHAT'S DOING TODAY.

Continued on telephone situation, Council Chamber, 10:15 a.m.

City Council will meet at 6 p.m. at hall of Mrs. A. B. W. 221 South 4th St. to meet Mr. and Mrs. C. W. Calhoun, City Clerk, and Mr. and Mrs. C. W. Calhoun, City Clerk, and Mr. and Mrs. C. W. Calhoun, City Clerk.

THE CITY AND ENVIRONS.

On Christian Science.

At the services of the eleven Christian Science churches and two Christian Science societies of the city at 11 a.m. tomorrow the subject of the lesson-sermon will be "The Kingdom of God is within you." Sunday services will be conducted in First, Second, Third, Fifth and Sixth churches at 8 o'clock.

To Talk on Bolshevism.

"Bolshevism: What It Is: The Remedy For It" will be the topic of an address to be given tomorrow night in the Knights of Columbus Auditorium, 614 South Flower street, by David Goldstein, a lecturer who is traveling under the auspices of the Knights of Columbus. Goldstein arrived in this city last night and is expected to address tomorrow night's mass meeting.

To Frame Protest.

A meeting of protest against the deportation of L. C. A. K. Marder, a Russian, was held at 8 p.m. tomorrow in Blanchard Hall, under the auspices of the Russian Relief Fund. Speakers of the evening will be Nina Samorodnaya, wife of Moscow; Dr. N. N. Kavinov, son-in-law of Boris Boris Reichenstein of the Soviet government; Dr. K. K. Kavinov of Petrograd; and Chaim Shapiro, local attorney.

MORE ALIENS ADMITTED.

Twenty-four aliens were admitted to American citizenship yesterday by U. S. District Judge Bledsoe. They included eight subjects of Germany, five of Germany, two of Austria, two of Denmark, two of Sweden, two of Russia, two of Cuba.

Ever hear of a "1-cent profit only" sale at the Grand Central Public Market? It was news to me, though a very interesting sort, for any saving on marketing is welcomed by me. I don't know if you know it or not, but I know it is an unappreciated fact that you can buy the most delicious "Kaltform" and "Water Kandy Kluska" just as you like them at 437 S. Main. They are so good and reasonable in price, I should add, made in almost every flavor including good old molasses. Do take home a box today and see with what success these salt water kisses meet.

A small sink with a rubber stopper for its escape pipe may be used as a dishpan.

Possibly you are one of the thousands who are drinking Aguardiente and drinking it regularly. But if not you should know that this water is a tonic and strength unknown to you. It supplies the energy needed for the day's duties, and pleasure, while can scarcely understand the unique effectiveness of Aguardiente until they have given it a thorough trial. Won't you prove that I am right by "phoning" 11899 for a 12 case of 24 bottles?

Are you placing enough importance on the necessity of selection with the utmost care and consideration, too, your new gas range? One doesn't buy a stove every day, therefore look well into the advantages offered. I made a thorough investigation of any number, the result being that I went to the Lyon-McKinney-Smith, 735 S. Main and bought the Eclipse Gas Range. I am so strongly recommended. Cooking is a pleasure and my enthusiasm over the Eclipse grows greater every day.

Fill celery tips with cream cheese seasoned. Dust with paprika and paprika and serve on lettuce.

A limited amount of money with which to furnish a three or four room apartment or bungalow usually leaves you floundering when confronted with a multitude of furniture and in most cases we make a dreadfully inappropriate selection and spend hours in useless efforts. Now to the rescue comes the Eastern Outfitting Company, 620 S. Main st., with a three-room outfit—consisting of bedroom, dining-room and kitchen for \$117.50, or a four-room outfit, living-room being added for \$115, the latter containing better furniture in most instances than the first. Think how easy this makes our buying, then further gladdens news is that a small payment down and a year to pay balance, or more if you need it, makes this furniture your own.

Are you concerned over your hardwood floor's dingy appearance? Your efforts to make them even half-way presentable have been most likely of no avail. Why don't you call The Acme Cleaners, Pico 1480, and have the cleaning, waxing and shining of them done professionally? These people are wonderful for all work of the kind. Have them the very next time you want any of the things they do. Then tell all your friends of the pleasing results that all may share your good fortune and be benefited and assisted as well.

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lacy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 20c.—[Advertisement.]

THE WEATHER

(Official Report.)

LOCAL OFFICE U. S. WEATHER BUREAU, Los Angeles, Jan. 21.—(Forecast by H. H. Meyer, Meteorologist.) At 5 o'clock a.m. the thermometer stood 50.0° at 8 a.m., 52.0°. Thermometer for the corresponding hours showed 48 deg and 50 deg. Relative humidity, 5 a.m., 80 per cent; 8 p.m., 75 per cent. Wind, 5 a.m., northeast, velocity 5 miles; 8 p.m., southwest, velocity 5 miles. Temperature, highest, 56 deg; lowest, 48 deg. Rainfall for week, 2.85 inches; last week, 2.90 inches. 4.37 inches. Barometer reduced to sea level, 30.00 inches.

WEATHER CONDITIONS.—Rain or snow fell yesterday quite generally over the Pacific coast, but fair weather prevailed east of the Rocky Mountains. It was order yesterday morning in the District of Columbia, Nebraska and Dakota. Kansas, and the lower portion of the Ohio, Lower Missouri and Middle Mississippi valleys. It was clear or partly cloudy at most stations in Southern California, but conditions were unsettled and there is a possibility of showers Saturday, and frost is probable.

SEA AND TIDE.—Los Angeles January 21, run from 5:30 a.m. to 5:31 p.m. Moon rose at 5:17 a.m. and set at 5:17 p.m. Low tide, 1:43 a.m. and 9:05 p.m.; high tide, 1:33 a.m. and 7:54 p.m.

UPPER AIR DATA.—From the surface up to 4000 feet altitude the wind was from the north-northwest, but at higher altitudes it was from the south-southwest. At 1000 feet it began to decrease, and at 2000 feet it was from the south-southwest. At 3000 feet it was from the south-southwest, and at 4000 feet it was from the south-southwest.

OROGRAPHIC REPORTS.—Minimum and maximum temperatures recorded from the surface up to 4000 feet altitude at the Los Angeles office of the U. S. Weather Bureau, were as follows:

IS NOW ABLE TO WALK TO TOWN

"Tanlac Is Grand," Says Los Angeles Woman.

Mrs. Paul Is Restored to Perfect Health.

Was So Weak Could Hardly Walk a Block.

"Before I got Tanlac I could hardly walk a block, but yesterday I walked down town shopping and came back feeling fine," said Mrs. G. W. Paul, 2216 Enterprise St., Los Angeles, recently. Mrs. Paul has lived in Los Angeles for thirty years and is highly esteemed by a large circle of friends.

"About a year ago I caught a severe cold and my stomach got in an awful condition. No matter what I ate, I suffered about all the misery that goes with bad digestion. Finally I got to where I could scarcely eat anything, and was so weak I couldn't do my housework without stopping every little while to rest. I got so I couldn't sleep, and my state of health was so poor it alarmed me very much.

"It looked like nothing could help me, but Tanlac has acted just like it had been made specially for my case. Why, it helped me right from the start, and now I am eating just anything I want and my stomach never gives me the least trouble. I sleep well, too, and am doing all my housework with ease. Tanlac is just grand."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores. A personal Tanlac representative is at their Fifth and Broadway Store afternoons. (Advertisement.)

HIKERS INVADE MOUNTAIN SNOW

Tramp from Oak Wylde to End With Banquet.

Witness of Auto Accident Seriously Injured.

St. Paul Plant Builds Cars for California Fruit.

(LOCAL CORRESPONDENCE.) PASADENA, Jan. 21.—The snowstorm in the mountains yesterday will not interfere with the celebration tomorrow over the opening of the new trail in the Upper Arroyo Seco just completed by the United States Forest Service. Officials of the Forest Service will be joined by mountain hiking enthusiasts in walking up the trail from Oak Wylde. The celebration will conclude with a banquet at Switzer's camp.

CHILD IS INJURED. Seven-year-old Jean West, an innocent bystander, was the most seriously injured victim of an auto accident here today in which two others also were injured. Two autos collided at Walnut street and North Pasadena avenue. The West girl was about to cross the street and was struck by one of the machines. Four ribs on her right side were fractured and she is in serious condition. She lives with her parents at 184 West Walnut street. E. F. Ward and C. E. Hoover, riding the machines which collided, were painfully but less seriously hurt.

IRON MINES BUST. Iron mines of Minnesota have been busy the past season, slackening only when the end of navigation for the winter on the Great Lakes caused a cessation of some of the activity, and E. F. House of Duluth, president of the Duluth and Iron Range Railroad, upon his arrival here today to spend the winter.

PROWLER STABS MAN IN THE DARK. Gebhardt Bowen, head of a great refrigerator manufacturing plant at St. Paul, Minn., has just arrived to spend the winter in California. His company, said Mr. Bowen, is making 200 new refrigerators a day for the Santa Fe road.

ASSAILANT MAKES ESCAPE TO STREET; VICTIM WILL RECOVER. (LOCAL CORRESPONDENCE.) SANTA MONICA, Jan. 21.—Entering his apartment at the Shearson early this morning, E. S. Sickles was stabbed by some one whom he could not see, who immediately after ran down the stairs and out of the building.

Other residents of the hotel found Sickles with an ugly wound in his breast and carried him into his room where he was later treated by Dr. Raymond Sands.

In the room police found a heavy ball of tin foil wrapped in a handkerchief and a razor, neither of which belonged to Sickles. The lights had been tampered with and would not light.

Investigation did not reveal a clue to the case late this afternoon. Sickles was said to be improving, and Dr. Sands announced that his wound would not prove fatal.

FISTIC ENCOUNTER MAKES WOMAN ILL.

(LOCAL CORRESPONDENCE.) VENICE, Jan. 21.—That Mrs. Patricia McIlroy, who was arrested Sunday night for fighting with Mrs. Isabel Smith, was so far disturbed in peace of mind by the conflict that she is in a sanatorium and unable to be in court, was stated by her attorney, L. G. Sussmuth today when the case was called.

Both women who are registered from New York were arrested on the charge of the other. Each one says that the other attacked her with no apparent reason, while they were mounting to the their apartments in the elevator.

"It was stated that the case will be postponed until Mrs. McIlroy has improved."

PARK IS GOLDEN. (LOCAL CORRESPONDENCE.) FULLERTON, Jan. 21.—All that glitters is not gold, according to an old saying, but the city of Fullerton has found that glittering goldfish may be turned into real gold. In the city park on West Common-

wealth avenue is a little sunken garden that cost about \$100 to construct. Recently this was drained and several dozen goldfish found therein were sold, netting the city \$25. Six hundred remaining goldfish were put back in the aquarium, and the prospect is that the sale of goldfish and water plants from the garden will pay for its construction many times over.

WHICH SIDE WOULD YOU WISH TO LIVE?

(LOCAL CORRESPONDENCE.) SANTA ANA, Jan. 21.—A bumper Valencia orange crop for 1921, with a production from Orange-county groves of approximately 8000 cars, was predicted today by L. D. Palmer, manager of the Orange County Fruit Exchange, with headquarters at Orange. Palmer estimates the two fruit exchanges, including the Northern Orange County Exchange, will ship between 6500 and 7500 cars of this output.

As yet the fruit on the trees is small, but there is plenty of time for it to enlarge and ripen before the shipping season, which begins in May. The production, in Palmer's belief, will be between 1000 and 1500 cars greater than 1920. The total orange and lemon output of Orange county in 1920 brought growers a return of approximately \$15,500,000, in spite of the unfavorable freight and tariff conditions, which caused many growers to lose money.

LONG LIFE ENDED. (LOCAL CORRESPONDENCE.) LOS ANGELES HARBOR, Jan. 21.—Capt. L. D. Chillaon, 91, pioneer resident of California, having come to this State in 1859, died at his home at San Pedro, corner of Sixth and Meyer streets, today at 12:45 p.m., following an illness of two months.

He has been a resident of San Pedro for ten years and was a member of the Masonic and Eastern Star lodges.

His daughter, Mrs. Roberts, and son, Casey, of Tucson, arrived from that place a few hours before his death and, with his wife, were with him when he died.

No funeral arrangements have been made so far, although it is expected that services will be held at the family home and interment in Wilmington Cemetery.

NAVY MAN DIES. (LOCAL CORRESPONDENCE.) SANTA ANA, Jan. 21.—Mr. and Mrs. Daniel Boyd, 261 Fruit street, are still awaiting details of the death of their son, Leonard Boyd, 25, who died recently at Balboa Heights, Panama. Boyd was serving a term in the Navy. The body is being

RILEY RE-ELECTED. (LOCAL CORRESPONDENCE.) ANAHEIM, Jan. 21.—Henry D. Riley, local automobile dealer, was re-elected president of the Anaheim Chamber of Commerce at the directors' meeting this week. George Prince was chosen vice-president; J. E. Strop, second vice-president; H. H. Benjamin, treasurer, and Malcolm A. Fraser was re-elected secretary of the organization.

OPPOSE TAX LAW. (LOCAL CORRESPONDENCE.) PORTERVILLE, Jan. 21.—The Porterville Chamber of Commerce today wired a protest to W. C. Clegg, Tulare county Assessor, at Sacramento, against the passage of the public affairs bill designed to place a higher rate of tax on public corporations. Other Tulare county civic organizations are reported to have taken similar action.

CITY HAS TROUBLES.

Can't Force Removal of Pole in Driveway?

(LOCAL CORRESPONDENCE.) REDLANDS, Jan. 21.—A question of law is bothering the City Trustees of Redlands. Can the city force the removal of a public service pole from a great parking so that the owner of property may build a new driveway?

Mr. G. Sues has petitioned the Trustees to force the Southwestern Home Telephone Company to move the pole. The telephone company has agreed to do so provided Mr. Sues pays the cost, which he refuses to do. The matter was taken up with the Railroad Commission but that body replied that it has jurisdiction over rates and service only.

So the matter is up to the city. At the next meeting the Trustees will have a hearing and the decision will be an important one because new driveways are very much in vogue with the increase in the number of automobile owners.

Clegg, Tulare county Assessor, at Sacramento, against the passage of the public affairs bill designed to place a higher rate of tax on public corporations. THE GUMPS—POPULAR MRS. GUMP

IN IS INVITED OUT TO AN AFTERNOON TEA—INVITATIONS ARE ROLLING IN LIKE LETTERS TO A MAIL ORDER HOUSE—SHE PURPOSED CAME LATE TO GIVE THEM ALL A FLASH—AND DID THEY GET AN EVERFULL WHEN SHE ROLLED UP IN UNCLE BIL'S CAR?

HUH—THERE'S THAT STUCK UP MRS. ZANDER—OH WILL I FREEZE HER TODAY—WHY PEOPLE GAVE ABOUT THAT WOMAN CAN'T UNDERSTAND—I CAN'T SEE HER AT ALL

OH MRS. GUMP—I'M SO GLAD THAT WE GOT THE SAME TABLE—I'VE ALWAYS WANTED TO KNOW YOU—I'VE APPRIED YOU FOR SO LONG—I'VE NOTICED YOU FOR YEARS—YOU ALWAYS LOOK SO SWEET AND Dainty—JUST AS THOUGH YOU'D STIPPED OUT OF A BAND BOX—I WAS JUST ADMIRING THAT LITTLE GOWN AS YOU CAME IN—

YOU HAVE SUCH A WONDERFUL IDEA OF DRESS—I'M JUST GOING TO RUN RIGHT IN ON YOU SOME DAY AND SPEND THE AFTERNOON—AND THAT LITTLE BOY OF YOURS—IS THE DEAREST LITTLE THING—EVERY TIME I SEE HIM ON THE STREET I WANT TO PICK HIM UP AND KISS HIM—AND HOW'S YOUR HUSBAND?

THE WIDOW HAS ANOTHER CONVERT—IT'S THE OLD STORY—THEY ALL LIKE IT AND FALL FOR IT—

WHAT A NICE WOMAN THAT MRS. ZANDER IS—IT GOES TO SHOW YOU SHOULD NEVER FORM AN OPINION TILL YOU MEET PEOPLE—SUCH A WONDERFUL PERSONALITY—AND SO INTERESTING—I COULD LISTEN TO HER FOREVER—I JUST COULDN'T HELP INVITING HER OVER TO THE HOUSE TOMORROW NIGHT—

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 21.—From the outset of the session business on the stock exchange today was marked by an absence of the recent operations of bull pools and popular investors, together with numerous inconspicuous specialties, registering declines of 2 to 5-12 points.

There were a few isolated exceptions, relative firmness being displayed by several of the motors oils, shipbuilding and food issues, but the day as a whole pointed to an accession of bearishness in professional quarters. Final dealings, however, such as steel, equipment and oil were under special pressure, resulted in a number of heavy losses. Sales amounted to 125,000 shares.

Bankers continued to express confidence in the immediate future of the credit situation, but this failed

of reflection in the money market where rates for demand and time accommodations were again inclined to stiffen.

Movements of foreign exchange were chiefly noteworthy for the renewed strength of French remittances, which rose to 6.77. Continued of the \$30,000,000 Belgian loan on a 25 pf cent basis was made the basis of much conjecture respecting other foreign underwritings, which now are engaging the attention of American financiers.

The bond market was firm in the main on the smallest turnover of any recent period. Liberty issues closed at variable advances after moderate reactions and other domestic and foreign flotations were disposed to improve. Total sales, par value, \$3,900,000.

Prices of United States 2s and 3s were one and two points lower, respectively.

A Guarantee of Permanency

When properly plastered, Buttonlath is like a guarantee of permanency to your plaster walls and ceilings. Its positive mechanical bond is a tested preventive of ugly plaster cracks and checking, thereby reducing the upkeep cost of your structure to a minimum.

More than that, it is a tested fire-retardant of proven value, a perfect sound-deadener, and impervious to both heat and cold, and saves time, labor and plaster during construction.

In specifying Buttonlath for a flat or any other type of structure, the builder realizes that he is giving his tenants the maximum of lathing quality at a minimum of cost.

The success of Buttonlath has encouraged imitators, so when planning your structure be sure and specify BUTTONLATH—for sale by all Building Material Dealers.

BEGGED GIROUX TO CLEAR NAME.

Son Whom Mining Man Later
Shot Made Odd Plea.

Asked Father Not to Hire
Killer; Do It Himself.

Million-Dollar Suit Filed by
Dead Man's Widow.

Hinting at some blot on his mother's good name which only his father could remove, and asking his father not to hire anyone to kill him, the last letter written by George Giroux to his father, a millionaire mining man of Hollywood, was yesterday filed as an exhibit by George Giroux's widow, Mrs. Solo Giroux, in her \$1,000,000 damage suit against her father-in-law for the slaying of her husband.

Joseph L. Giroux shot and killed his son, George, near Mina, Nev., on June 24, 1912. The letter filed yesterday was written to the father by the son on June 1, 1912. Mr. Giroux, Sr., was later indicted at a coroner's inquest, held in Nevada, after he explained that he shot in self-defense when his son attacked him.

According to Earl Newmire, attorney for Mrs. Solo Giroux, the real cause of the Nevada tragedy was the desire of the son to clear the good name of his dead mother, and not, as has been intimated at the coroner's inquest, a move to extort money from his wealthy father.

ASKS WHY SHE'S DEAD.
In one paragraph of the letter George Giroux wrote to his father: "When I ask you to make my mother's name as good as your own, I realize that she is dead, but I ask you why she is not now living?"

Again he says: "If you decide to kill me, your own first-born, part of your being, your own image and the one who has shielded and protected you beyond conception, please be man enough now to do it yourself, instead of hiring it done."

"Money? I would not have suffered the way you have made me for all the money on this earth, but at that it is rightfully mine, promised us and the price paid in full, after your marriage to Phoebe (second wife of Joseph L. Giroux)." Mr. Newmire promises that the true cause of the slaying of George Giroux will be disclosed when the \$1,000,000 suit comes to trial.

An agreement said to have been drawn up by the attorney for the father and signed by the son, is another exhibit in this remarkable litigation. It acknowledges by George Giroux the payment of \$15,000 by his father on the condition that the son will not apply to him for money or property, nor seek to interview him or communicate with him; nor make any claim or demand against him, nor by any act of his own, cause his father any trouble, litigation or expense. This agreement is dated March 11, 1915.

Mr. Newmire says that the reason for signing this agreement will be gone into thoroughly at the time of the trial.

TOO RUSH TO SEE HER.
The trouble in the Giroux family came to a climax recently when Mrs. Virginia Sauer, a daughter of Joseph L. Giroux, came here from San Francisco to see her father. The latter, it is stated, returned word he was too busy to see her.

Mrs. Sauer then filed suit for \$500,000 for libeling the name of her brother George. This libel consisted in the reported statement of the millionaire that he did not believe that George Giroux was his own son.

This suit was knocked out of court on the ground that Mrs. Sauer could not recover for a libel on a deceased person. This case is on appeal to the Supreme Court.

Mrs. Sauer has also filed suit for \$25,000, growing out of the gift of a ranch by Mr. Giroux to her, but which she says he sold in 1915 against her wishes.

A further complication in the Giroux family affairs is the purported arrest at the family home by the Federal authorities of Louis Daniel Giroux, a son by Giroux's second wife, for a reputed attempt to evade the 1917 selective service act. Bail of \$500 was furnished by Mr. Giroux. The matter is pending before the Federal Court.

MANY RESERVATIONS FOR CHARITY BALL.

SOCIETY EVENT NEXT MONDAY
AT AMBASSADOR PROMISES
TO BE BRILLIANT.

The charity ball, one of the most brilliant society events of the year, will be given next Monday evening and will be one of the first of the big social functions to take place at the Ambassador.

Two thousand invitations have been sent out for the ball and it is expected that fully 1500 guests will participate in the affair, as spectators or dancers.

A number of boxes surround the ballroom and so great has been the demand for these that only a few are left for sale. There are in charge of the junior auxiliary of the Child Welfare League, of which Miss Carolina Winston is president.

Reservations for boxes may be made by calling Miss Winston at 53719.

In addition to the prominent society people who will occupy boxes at the charity ball, it is expected that there will be many of the famous stage stars in attendance for a number of them have already asked for reservations.

Dancing will begin at 9 o'clock and supper will be served at midnight. The charity ball is given in the interests of the Child Welfare League, the humanitarian benefactions of which among the little children are many and far-reaching.

Mrs. Mary Wilcox Longstreet is chairman of the ball committee and her assistants include the following members of the Child Welfare League and the junior auxiliary: Mrs. Dan Murphy, Mrs. Arnold Burkelman, Mrs. Michael J. Connel, Mrs. Eugene O. McLaughlin, Mrs. Russell McD. Taylor, Mrs. Granville MacGowan, Mrs. Michael J. Brunst, Mrs. M. J. McGarry, Mrs. H. W. O'Melveny, Miss Marie Rose Mullen, Miss Carolina Winston and Miss Cecile McLaughlin.

HARBOR IN FIELD FOR FINE PARK.

Wants Large Acreage Set
Aside on Terminal Island
for Amusement Resort.

Conferences will be held next week between Councilmen Langdon, Delorey and Conaway, members of the Harbor Committee of the City Council, and members of the Board of Harbor Commissioners and representatives of the harbor district to work out the details of a report to be submitted to the Council recommending the setting aside of 200 acres on Terminal Island for a municipal ocean front recreation center to be known as Los Angeles Seaside Park.

First formal steps toward making the park a reality were taken yesterday by the City Council when that body considered the petition filed by several hundred leading residents of the harbor district requesting the building of the park. The petitioners point out in their communication that Los Angeles has not utilized its ocean-frontage for amusement purposes, as have Long Beach, Santa Monica and other nearby cities. The harbor residents state that the city will not need the land on Terminal Island at the location suggested for from fifteen to thirty years for industrial purposes, and that in the meantime a concrete pier, bath-houses, and various other concessions could be built and operated so as to return to the city millions of dollars in revenue and at the same time give to Los Angeles its own seaside amusement park.

The district suggested by the petitioners, subject to modifications at conferences with the Harbor Commissioners and Councilmen, is bounded by the Fish Harbor fire station on the west, the Terminal Island city limits on the east, Seaside avenue on the north, and the Los Angeles Athletic Club's \$750,000 yacht harbor on the south.

A further complication in the Giroux family affairs is the purported arrest at the family home by the Federal authorities of Louis Daniel Giroux, a son by Giroux's second wife, for a reputed attempt to evade the 1917 selective service act. Bail of \$500 was furnished by Mr. Giroux. The matter is pending before the Federal Court.

AID VOCATION CHOICE.

Older Y.M.C.A. Men Counsel with
Boys as to Life Work.

"Find yourself."

This is the slogan of a campaign just inaugurated among boys in the Y.M.C.A. and designed to help them face intelligently the problem of discovering the vocation for which they are best fitted. The movement combines the vocational with personal, moral and religious counsel of older men of Los Angeles, twenty-five of whom are developing several evenings each week to consultations with boys and young men.

During the present week, according to C. E. Lashbrook, boys' secretary of the Y.M.C.A., more than 100 boys in various clubs and groups have charted themselves in such a way that they will be able to know just what they are fitted for in commercial, industrial and professional lines.

Wednesday and Thursday nights at the Y.M.C.A. have been reserved as interview nights, when the boys may make appointments for counsel and advice with men who have been in business and professional lines for many years. With the chart or blank before him, the business man gains his knowledge of the boy's ability and character, and advises what course he should pursue.

PICKS FIELD WORKER FOR JUVENILE COURT.

In connection with the competitive examination held recently under the auspices of the Knights of Columbus to secure two field workers for Juvenile Court work of the bureau of Catholic charities, announcement is made of the appointment to one of the positions of Albert L. Ott. Mr. Ott was accorded first rating over about forty candidates and will assume his new duties immediately. The second appointee to this work will be a woman, but as yet the committee in charge has not announced the successful candidate for this position.
